

Item Code: CFS-S628

Chemical Name: Decamethyltetrasiloxane

Typical Properties

CAS No.: 141-62-8

Formula: $C_{10}H_{30}O_3Si_4$

Density: ~0.8536

Refractive Index: ~1.389

Appearance: Colorless clear liquid

Purity: min 97%

Applications

Used as an important intermediate for the preparation of various silicone compounds.

Packaging

CFS-S628 is available in 200L steel drums or 1000L IBC totes.

Custom packaging possibilities are also available.

Transportation

UN1993 3/PG III

More detailed and comprehensive information can be found in the corresponding Safety Data Sheet.

Storage

Stored in a cool, well-ventilated place, and avoid exposure to humidity.

Should be stored in its original containers and used up asap after opening.

The expected shelf life is 12months, when stored in a strictly sealed container and under proper conditions.
