

Item Code: CFS-SI96

Chemical Name: (Acryloxymethyl)phenethyltrimethoxysilane

Typical Properties

CAS No.: 141813-19-6

Formula: C₁₅H₂₂O₅Si

Appearance: Colorless clear liquid

Purity: min 96%

Applications

Used for the preparation of silicone resins and polymers.

Used as a surface modifier, a coupling agent or a bonding agent.

Packaging

CFS-SI96 is available in 0.1L~25L containers.

Custom packaging possibilities are also available.

Transportation

UN1993 3/PG III

More detailed and comprehensive information can be found in the corresponding Safety Data Sheet.

Storage

Stored in a cool, well-ventilated place, and avoid exposure to humidity.

Should be stored in its original containers and used up asap after opening.

The expected shelf life is 12months, when stored in a strictly sealed container and under proper conditions.
