Item Code: CFS-611
Chemical Name: tert-Butylchlorodiphenylsilane

Typical Properties

CAS No.: 58479-61-1
Formula: C16H19ClSi
Density: ~1.074
Refractive Index: ~1.5680
Appearance: Colorless or yellowish liquid
Purity: min 98%

Applications

Used as a protective agent in the synthesis of antibiotics, insecticides, vitamins, etc.
Used as a silylation reagent in a wide range of organic synthesis.

Packaging

CFS-611 is available in 25L PE pails, 200L steel drums or 1000L IBC totes.
Custom packaging possibilities are also available.

Transportation

UN2987 8/PG II
More detailed and comprehensive information can be found in the corresponding Safety Data Sheet.

Storage

Stored in a cool, well-ventilated place, and avoid exposure to humidity.
Should be stored in its original containers and used up asap after opening.
The expected shelf life is 12months, when stored in a strictly sealed container and under proper conditions.
