

Item Code: CFS-S004

Chemical Name: Allyloxytrimethylsilane

Typical Properties

CAS No.: 18146-00-4

Formula: C₆H₁₄OSi

Density: ~0.789

Refractive Index: ~1.3970

Appearance: Colorless clear liquid

Purity: min 96%

Applications

Used as an important silyl agent and allylation reagent.

Used as an important chemical intermediate for the preparation of various silicone compounds.

Packaging

CFS-S004 is available in 0.1L~25L containers.

Custom packaging possibilities are also available.

Transportation

UN2924 3(8)/PG III

More detailed and comprehensive information can be found in the corresponding Safety Data Sheet.

Storage

Stored in a cool, well-ventilated place, and avoid exposure to humidity.

Should be stored in its original containers and used up asap after opening.

The expected shelf life is 12months, when stored in a strictly sealed container and under proper conditions.
