

Item Code: CFS-S742

Chemical Name: Tris[3-(triethoxysilyl)propyl]amine

Typical Properties

CAS No.: 18784-74-2

Formula: C₂₇H₆₃NO₉Si₃

Density: ~0.975

Refractive Index: ~1.4322

Appearance: Colorless or yellowish clear liquid

Purity: min 95%

Applications

Used as a coupling agent, an adhesion promoter, a primer and a surface modifier in several industries include coatings and paints, adhesives and sealants, and other silicone compounds.

Packaging

CFS-S742 is available in 25L PE pails, 200L steel drums or 1000L IBC totes.

Custom packaging possibilities are also available.

Transportation

Non-hazardous for transportation.

More detailed and comprehensive information can be found in the corresponding Safety Data Sheet.

Storage

Stored in a cool, well-ventilated place, and avoid exposure to humidity.

Should be stored in its original containers and used up asap after opening.

The expected shelf life is 12months, when stored in a strictly sealed container and under proper conditions.
