Item Code: CFS-S861 Chemical Name: 3-(N,N-dimethylaminopropyl)trimethoxysilane

Typical Properties

CAS No.: 2530-86-1 Formula: C8H21NO3Si Density: ~0.948 Refractive Index: ~1.4150 Appearance: Colorless clear liquid Purity: min 97%

Applications

Used as an important auxiliary for plastic and rubber industries. Used for the surface modification of inorganic fillers or nanoparticles.

Packaging

CFS-S861 is available in 25L PE pails, 200L steel drums or 1000L IBC totes. Custom packaging possibilities are also available.

Transportation

UN1760 8/PG III More detailed and comprehensive information can be found in the corresponding Safety Data Sheet.

<u>Storage</u>

Stored in a cool, well-ventilated place, and avoid exposure to humidity. Should be stored in its original containers and used up asap after opening. The expected shelf life is 12months, when stored in a strictly sealed container and under proper conditions.
