

Item Code: CFS-S53I

Chemical Name: Phenylsilane

Typical Properties

CAS No.: 694-53-1

Formula: C₆H₈Si

Density: ~0.8681

Refractive Index: ~1.5125

Appearance: Colorless clear liquid

Purity: min 98%

Applications

Used as a silylation agent for the preparation of pharmaceutical intermediates.

Used as a chemical intermediate or a reducing agent.

Packaging

CFS-S53I is available in 0.1L~25L containers.

Custom packaging possibilities are also available.

Transportation

UN1993 3/PG II

More detailed and comprehensive information can be found in the corresponding Safety Data Sheet.

Storage

Stored in a cool, well-ventilated place, and avoid exposure to humidity.

Should be stored in its original containers and used up asap after opening.

The expected shelf life is 12months, when stored in a strictly sealed container and under proper conditions.
